

Hoi liefst aapjesfan!

Wat leuk dat je deze activiteit hebt gedownload! In deze bundel gaan we de patroontjes afwerken door het rijtje aan te vullen met het juiste figuurtje. Een leuke en leerzame activiteit die niet alleen zorgt voor plezier, maar ook de ontwikkeling van je kindje stimuleert!

Deze activiteit is ideaal voor kinderen van 2.5 tot 6 jaar. Voor de jongere aapjes is het vooral belangrijk om een zicht te krijgen op de patroontjes die er gevormd worden. Ga samen benoemen wat je ziet en probeer je kindjes te stimuleren het rijtje aan te vullen. Laat ze vooral zelf zoeken en ontdekken welk patroontje er gevormd wordt. Voor hen zijn pagina 1 en 2 interessant en misschien sta je wel verstoeld als pagina 3 en 4 ook al lukken.

Voor de oudere aapjes bieden pagina's 3-6 wat meer uitdaging, door meer figuren toe te voegen. Is je kleintje echt vlot met de patroontjes, geef hen dan de laatste pagina, zodat ze zelf hun creativiteit aan de slag kunnen laten gaan door zelf patroontjes te verzinnen.

Dank je wel voor het downloaden! Deel gerust je ervaringen met ons - tag ons @slingersenaapjes op sociale media of gebruik de hashtag #slingersenaapjes, zodat we samen kunnen genieten van alle mooie creaties!

Veel plezier!

Liefs,

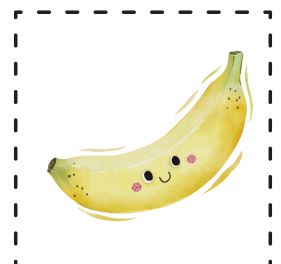

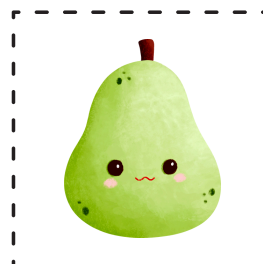

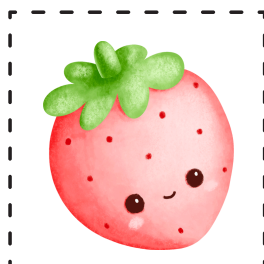

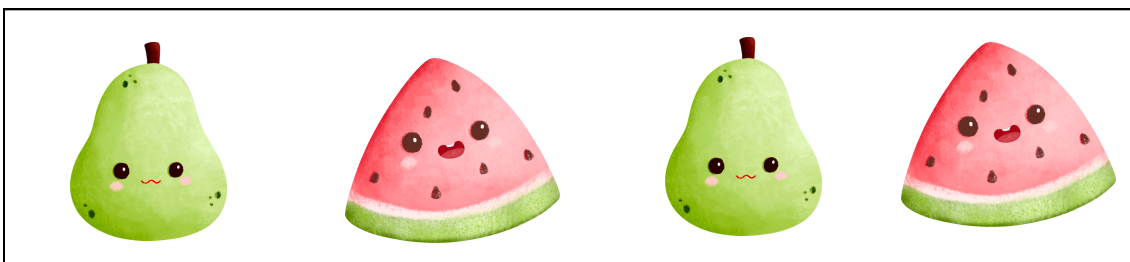

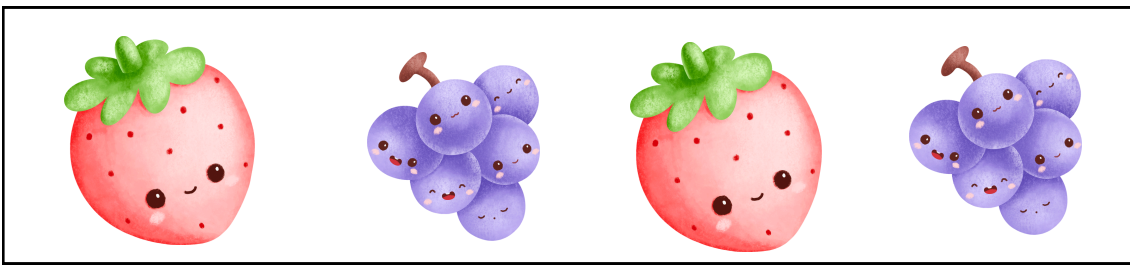

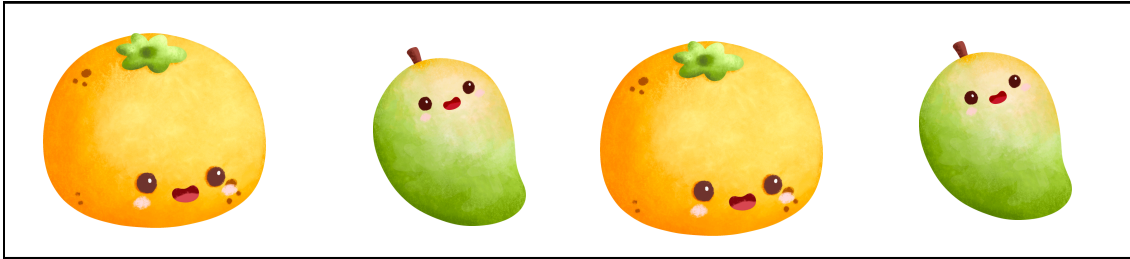

Kim
